Boys' CSSD Track and Field Results: May 3, 2003 was sunny, cool, and 65 degrees. We were able to get four first place winners competing against Illinois and Wisconsin School for the Deaf.

One Davis Discuss – 152'6" is a CSSD record

Adam Brimmer – Shot Put 43'8"

Ben Taylor – High Hurdles 16.8

Bradley Gantt – 800 Run 2:11.4

Despite our numbers we were competitive in CSSD. Next year, Illinois will host the CSSD track tournament.

Academic Bowl results from Sunday: ISD 60 vs. Learning Center – 47, ISD 68 vs. Lincoln HS (Fla) 19, ISD 52 vs. University HS (CA) 55, ISD 54 vs. Mount Lakes (NJ) – 36, ISD 48 vs. Colorado 45. Whew, both teams had 3-1 records going in the game. Big win for us and kept us in contention for the championship. Games today: Colorado, Wisconsin, Florida, Monroe BOCES NY, and Maryland.

ISD Daily News

My mother drew a distinction between achievement and success. She said that 'achievement is the knowledge that you have studied and worked hard and done the best that is in you. Success is being praised by others, and that's nice, too, but not as important or satisfying. Always aim for achievement and forget about success. - Helen Hayes

Summer Interpreting Needs - If you will have any interpreting needs (summer school, sports camps, workshops, etc.) that will need interpreters, please let me know. During the summer, our staff interpreters essentially become "free-lance" interpreters. This means there are not any staff interpreters on campus every day thru the summer. The earlier I know about the event, the easier it will be to schedule accordingly. Thanks.

Reminder from Student Life - Regarding the Master Calendar: If you have or plan activities or events for the students next year; please give us all the information, such as: dates, times, locations and names of events or activities to Hillel Goldberg. We will put all information on the Master Calendar. Anyone can access this information by going to www.deafhoosiers.com and clicking on the Activities / Calendar link.

Classes Offered - TWO Courses on Integrating Computer Technology Into Your Curriculum and Instruction
What is it? Two online courses are being offered by the Department of Educational Foundations and Research, Gallaudet University

1. PST 852-Integrating Computers Into the Classroom - course description:

<<http://edf.gallaudet.edu/edf752%20full%20description.htm>>

<http://edf.gallaudet.edu/edf752%20full%20description.htm>

2. PST 853-Internet Applications For the Classroom - course description:

<<http://edf.gallaudet.edu/edf753%20full%20description.htm>>

<http://edf.gallaudet.edu/edf753%20full%20description.htm>

Who can take them? Any teacher of the deaf or hard-of-hearing or other professionals working with deaf and hard-of-hearing students such as speech pathologists and administrators. Who is teaching them? Marty Noretsky, Ph.D.- Gallaudet Faculty member When are they happening? You will be asked to commit to both courses: PST 852 and PST 853. One will be taught during the Fall 03 Semester and the other will be taught during the Fall 04 Semester. They are taught as distance learning courses so there is no scheduled class time. You can get to these online Course Centers any time day or night as long as you can get to a computer that can access the Internet.

How much do they cost? You will only have to pay \$90 for both courses. We'll pay the rest of your tuition (\$600) and pay for your textbooks too. What kind of course credit do I get? You will get 6 PST credits-Professional Studies and Training credit. This is the equivalent of continuing education credit. The content of these courses is the same whether being taken for PST credit or for regular Gallaudet graduate credit. NOTE: Professional Studies and Training credit cannot be applied toward a Gallaudet degree. HOWEVER, the value of the courses for non-Gallaudet programs and for certification purposes is dependent upon your own circumstances.

How do I enroll in a course? Contact Marty Noretsky, your teacher at:

<mailto:martin.noretsky@gallaudet.edu> > <mailto:martin.noretsky@gallaudet.edu>

When is the deadline for enrolling? Teachers who learn about this opportunity via the Gallaudet University Regional Centers will be at the top of the list for registration. We have only 30 slots available so hurry and reserve a slot for yourself. If we haven't filled all the slots by Friday, May 23, we will make this offer available to other teachers.

Summer Work Opportunity for ISD 9-Month (State) Employees

The Indiana School for the Deaf will offer summer employment opportunities in the following work areas: 8 housekeeping (Housekeeper 4), 4 grounds (Laborer 4), and 3 maintenance (Maintenance Repair 2).

The nine-month staff working in these summer positions will be working out of classification from June 2, 2003 to August 1, 2003 excluding the week of June 30th. The pay for these positions will either be your current rate of pay or the maximum range of the new classification whichever is less. There will be no change in your accrual date or benefits. The summer work crews will not be assigned to work June 30th to July 4th and these individuals will be placed on summer leave of absence for that week.

If you are interested please complete a State of Indiana employment application, be sure to indicate which area of employment that you re applying for, and submit it to Missy Betzold, ISD Human Resources no later than Wednesday, May 14th. The application form may be obtained from the table outside the Personnel Office (G19) or on line at www.indianastatejobs.org. The job duties and requirements will be posted outside of the payroll and personnel offices.

If you have any questions, please feel free to contact Missy Betzold at extension 340 or by email at mbetzold@isfd.state.in.us.

Gallaudet's Young Scholars' Program Offers Four Exciting Sessions, Washington, DC - Gallaudet University's Young Scholars' Program for talented and gifted deaf and hard of hearing high school students has developed four exciting sessions for this summer that should be of interest to teenagers.

The first program is Art and the First Americans, which will be from June 22 to July 3. Students will have the opportunity to create original works of art, based on traditional techniques of Native American Tribes. Participants will have access to area museums with some of the most inclusive Native America art collections in the world. Additionally, students will have a rare opportunity to witness the very first Gathering of First American Nations March in Freedom Plaza on June 27.

From July 13 to July 25, students who are interested in forensic science can attend the Crimes and Clues program. Students will be introduced to the unique ways in which forensic scientist must think as they attempt to solve a hypothetical case. Students will also be exposed to the many aspects of forensic science and how these aspects come together when searching a crime scene. Each day a new clue will be introduced and by the end of the two-week session, students will be asked to "solve the crime."

Students interested in video production can sign up for Stop the Presses! It's Video-time!! This program is offered July 27 to August 8 and students will be visiting historical sites in the Washington area to gather and share information about the valuable roles of deaf leaders in enriching Washington, DC. Students' efforts will culminate in a video documentary written and produced by YSP students. The fee for each program is \$1,000, which covers all expenses for the session including instruction, room, board, and recreation. Transportation cost to and from Washington, DC is not included.

Something for the whole family is being offered from August 3 to August 8. Washington, DC-The Great American Adventure, offers a special and exciting week for 7th and 8th graders and a parent to experience Gallaudet University in Washington, DC. Attendees will have the opportunity to live on campus and participate in specifically designed YSP activities including mini-academic courses in history, science and the arts. Tours of historical sites in Washington will be included. The cost for this session is \$1,000 for one recreation. Transportation to and from Washington DC is not included.

Book Sale - Many thanks to all who ordered books this year! We received almost \$200 worth of 'free' books to add to our library collection. We will continue to have periodic book displays in the Main Library during the 2003-2004 school year. Laura Kesterke is looking forward to seeing each of you when you come to heck out our next display of books and gift items from the American Book Display Company! Thank you.

Summer Interpreting Needs – The school's staff interpreters last day of work for this school year will be May 23. After May 23, all staff interpreters will be freelance interpreters. This means there are not any staff interpreters on campus every day throughout the summer. For those who are planning to work during the week of May 27 - 30 or any other time this summer and need an interpreter, please let Amy Mattern know. The earlier she knows about the event, the easier it will be to schedule accordingly. Thank you for your assistance in this matter - Amy
